0.1 WORK EXPERIENCE

2019 **B8TA** (ACQUIRED BRICKWORK 19')

PR Lead Developer
in New York, NY

- Responsible for leading a small team of developers in the improvement and implementation of a React.js based SaaS app
- Oversaw the teams agile process in the role of scrum master for each weekly sprint, and helped prioritize work to ensure it aligned with company goals
- Mentored junior developers on programming (Javascript, PHP, SCSS) growth while also promoting the use of quarterly self-professional goals for each team member
- Worked directly with product team members to help prioritize product enhancements or bugs against client implementation timelines

2014 **BRICKWORK SOFTWARE**

2018 Full Stack Developer
in New York, NY

- Responsible for designing and programming RESTful API endpoints using Ruby on Rails and Swagger for documentation
- Worked with Product and several other developers to architect and develop the "Next-Gen" highly configurable React.js application
- Solely oversaw the development and maintenance of the companies marketing site on a PHP and MySQL stack
- Shared DevOps roles for deployment and monitoring in Jenkins, AWS and Docker

2017 **WITNESS**

2018 Web Developer & Print Design Intern
in Brooklyn, NY

- Worked on pro-bono materials with the notorious design firm, Pentagram and partner Harry Pearce
- Worked and collaborated day-to-day with a team of five to develop communication strategies
- As part of the External Relations and Creative team to conceptualize and implement a contemporary design style
- Analyzed and compiled information to produce infographics for public and investor-facing assets

0.2 EDUCATION

2009 **BACHELOR OF ARTS & SCIENCE (DUEL):**
2014 **DESIGN AND OBJECT PROGRAMMING**
York College of Pennsylvania

- Large focus in Web Development and Typography
